

## Peak 10 Named a Best Place to Work By Charlotte Business Journal for Second Consecutive Year

CHARLOTTE, N.C. &ndash; The Charlotte Business Journal named [Peak 10 Inc.](#), the leading independent data center operator and managed services provider, one of the best places to work for the second straight year. Peak 10 was ranked fifth in the mid-size business category at a Nov. 4 2009 awards luncheon hosted by the Charlotte Business Journal.

&ldquo;It is a privilege to be recognized with this award and we are thrilled that our employees&rsquo; continued enthusiasm has again earned us this prestigious position as one of the best places to work in Charlotte,&rdquo; said Pat O&rsquo;Brien, the vice president and general manager of Peak 10 Charlotte. &ldquo;We are dedicated to providing an environment that harbors diversity and personal growth and understand that having happy employees yields satisfied clients.&rdquo;

The Charlotte Business Journal selected companies for this award based on nominations submitted. These nominations were then reviewed by Quantum Market Research, an independent human-resources survey firm. Employees of the nominated companies were surveyed by Quantum and point values were assigned to their responses. The awards were decided based on a culmination of these points.

&ldquo;I am extremely proud of the entire Peak 10 team for their dedication and continued success,&rdquo; said David Jones, president and CEO of Peak 10. &ldquo;We are incredibly passionate about the solutions we provide and the customers who receive them. After nearly 10 years, we still hold true to the principles on which our company was founded, and being recognized for our steadfast culture is a true honor.&rdquo;

Peak 10 Charlotte&rsquo;s managed IT and data center services improve performance, reliability, lower costs and maximize internal resources for customers while keeping their valuable information technology assets close to the business. The company combines its secure, private network and enterprise-class data centers with world-class engineering and support to serve market-leading companies nationwide. As a managed services leader, Peak 10 offers a wide range of technology services including virtualization, managed hosting, and cloud-based services in a cost-efficient and reliable platform for its customers. The company owns and operates data centers in nine key markets that include Cincinnati, Ohio; Atlanta, Ga.; Raleigh and Charlotte, N.C.; Tampa and Jacksonville, Fla.; Nashville, Tenn.; Louisville, Ky.; and Richmond, Va.

### About Peak 10 Inc.

Peak 10 is the leading independent data center operator and managed services provider, delivering scalable, economical and reliable solutions for hosting and managing complex information technology infrastructure.
