

ENLIGN Opens New Nashville, TN Office

ENLIGN, a leading business intermediary firm that facilitates the sale and purchase of small to midsized privately held businesses announced the opening of its Nashville, TN office. The strategic location will allow the company to better serve the growing demand for confidential business intermediary services from owners of closely held businesses. "As part of our ongoing expansion, ENLIGN is pleased to open its latest office in Nashville, TN. The strategic location of the TN office, as well as the addition of future personnel throughout the state will enable us to better serve our growing regional client base," said Jeff Snell, ABI, CBI Founder and Principal Broker at ENLIGN.

ENLIGN's proprietary results driven marketing methodology coupled with its experienced transaction team and highly regarded network of professional partners enabled the company to complete 2009 with a record number and value of transactions closed. Tennessee has a very favorable business climate and was recently named the 2009 State of the Year by Business Facilities Magazine, a national economic development publication in addition to being named one of the top five most desirable business locations by Site Selection Magazine. Michael Fekkes, a senior broker with ENLIGN, leads the Tennessee office and will be responsible for adding personnel across the state. According to Fekkes, "Client demand dictated that we further expand our southeast presence, and the addition of the Tennessee office enables ENLIGN to put company resources closer to the people we will serve."
