

## Raleigh Area Dentist, C. Ashley Mann, DDS, Raises Funds for Wake Smiles Dental Clinic

Raleigh, North Carolina - Every year, the dental practice of Dr. Ashley Mann donates the proceeds from a spring fundraiser for the Wake Smiles Dental Clinic to benefit those who can not afford dental care.

This spring, Dr. Mann's office raised nearly \$4000 for the Wake Smiles clinic from the sale of in-home teeth whitening kits. Patients appreciate that their purchase gives back to the community.

Teeth whitening helps people look their best and feel more confident when smiling. Coffee, tea and soda stain teeth increasingly over time. There are many choices for teeth whitening, from toothpastes, an assortment of in-home kits, and in-office treatments. These differ in the degree of whitening, how long it takes, how much effort is involved and the price.

For busy professionals and parents, in-office teeth whitening is the fastest and easiest way to whiten teeth. Dr. Ashley Mann's office will be offering a discount on Zoom! Teeth Whitening in-office treatments through October 2010. Dr. Ashley Mann's dental practice values giving back to the community; earlier this year two mother daughter teams participated in the Race for the Cure event in Raleigh.

### About Wake Smiles:

Wake Smiles is a dental clinic on New Bern Avenue in Raleigh, North Carolina &nbsp;that serves residents of Wake County who could not otherwise afford dental care. Their goal as stated on their Web site is, "To increase the number of uninsured patients, both children and adults, receiving comprehensive preventive and restorative dental services in the Wake County Area."
